Description

The first choice among music educators!

Whether bolstering the low voices in your young band or fleshing out the woodwind timbre of your wind ensemble, the great sounding, yet affordable Leblanc L7168 bass clarinet fills that programming need without utilizing your program’s entire annual budget.

Designed to continue performing at a high level while weathering years of band room use, the Leblanc L7168 bass clarinet is made of the unique Leblanc Reso-Tone™ synthetic for a remarkably wood-like sound. The durable key work is crafted from power forged nickel silver while the neck and bell are manufactured from genuine Bach brass.

Offering amazing depth of sound and highly durable, the Leblanc L7168 bass clarinet will be foundational instrument in your program for years to come.

Features

- **Leblanc Reso-Tone Body:** Wood-like sound with the resiliency to withstand daily use (and abuse)
- **Single Piece Body Design:** Foregoes the potential hazards of daily assembly
- **Low Eb On Body:** Removed the need for a fragile bridge key from body to bell
- **Power Forged Nickel Silver Keys:** Extremely strong and hold regulation longer
